BOLTS: "Building Outstanding Leaders for Tomorrow's Society"

FROM THE SUPERINTENDENT: I want to continue to thank our communities for your help in keeping the doors open during the 2020-21 school year. We can't do this without your help. Vaccinations have started and continue to happen in our state. When will the schools and the local community see it? We don't know exactly when but it is on its way, stay tuned. We as a school district and community need to continue to wear a mask, wash our hands, and avoid crowded places. Don't let your guard down at this point of the pandemic.

On January 11, the Local and Unified Board meetings were held in Bruning, the boards elected officers and selected members of the Unified Board. There were changes to the local board officers and membership to the Unified board:

Bruning Board of Education

Jerry Baysinger-Vice President
Sarah Bolte-Secretary/Treasurer
Dan Domeier
Sarah Krehnke-President
Sheri Norder
Ryne Philippi

Davenport Board of Education

Jeff Hoins
Jamie Koch
Ryan Miller—President
Mike Schroeder
Kevin Parks—Secretary/Treasurer
Brad Williams—Vice President

Bruning-Davenport Unified Board of Education

Dan Domeier— Vice President
Jeff Hoins
Jamie Koch—Secretary/Treasurer
Sheri Norder
Ryne Philippi
Michael Schroeder— President

Please thank these dedicated community members who make decisions each month in the best interests of our students and district.

Bruning-Davenport USD has much to offer students. The District offers a strong academic program that includes access to dual-credit courses from the University of Nebraska, Southeast Community College, and Peru State College. This has been utilized by a number of students to earn college credits at a reduced cost with the possibility of entering college as a second semester freshman. In addition we are a member of a career academy, called SENCAP, in partnership with Southeast Community College, offering students dual credit courses at **no** cost to the student in areas of education, health services, technology, criminal justice and agriculture. In addition, we have offered multiple opportunities for our students to learn coding through the various programs and devices we have here at Bruning-Davenport USD.

Bruning-Davenport USD has an experienced staff and offers a wide selection of courses to meet the needs of our students. We continue to look for ways to expand our curriculum to build on their educational experience. One item offered before they graduate, our seniors complete the EverFi program. This program has nine modules: savings and budgeting, understanding a credit score and its implications, understanding credit cards and managing debt, how a bank works and Federal Reserve overview, taxes and insurance, renting vs. owning, managing loans to finance higher education, investing overview: an in depth review of trading and how the stock exchange works, and consumer fraud and protection. We believe this is an essential part of preparing our students for life beyond high school.

In addition to our academic program, Bruning-Davenport USD has a sound extracurricular program that includes music, play production, speech, FCCLA, FFA, football, volleyball, basketball, track and most recently golf. Each of these programs has a history of excellence and devotion to enhancing a student's experience at Bruning-Davenport USD.

Bruning-Davenport USD is an excellent district that has a dedicated staff and offers much to students. We invite you to review our website at <http://www.bruningdavenport.org>, our Facebook page at <http://tinyurl.com/am57lvj>, and the State of the Schools website at <http://www.education.ne.gov>.

FROM THE PRINCIPAL: Since March 2020, we have been riding a roller coaster. There have been ups and downs, side to sides, loop the loops- moments when our hearts have been in our throats, and others where it feels our stomachs have dropped down to the floor. As educators, we've had to re-evaluate every aspect of education from the ground up; under pressure while running around with our heads on fire. Scheduling, bussing, recess, classroom organization, instruction, assessment, lunch, attendance, safety measures, and collaboration all look different now. Staff have been forced to take on a fresh perspective, like it or not. We have been forced to question our habits and idiosyncrasies, and everyone has had to change and adapt.

Our focus for now is ensuring that staff and students remain safe and healthy while at school. According to the recent Steering Committee Parent survey, 92% of parents surveyed reported their child(ren) are safe while attending Bruning-Davenport USD. Many of our BD teachers are teaching and planning for two groups of students-those in session and those who are in quarantine. This is not easy to do, and can't really be managed between bells. Work days are longer, and the amount of time staff spend planning and communicating with families has increased significantly. Our communities and students are very lucky to have such a dedicated faculty and staff doing whatever it takes to help their students learn. 86.4% of parents surveyed reported that Bruning-Davenport has a good public image and 87.8% of parents surveyed respect Bruning-Davenport teachers. This data is a large reassurance that the work that our staff is doing is effective and valued in our communities.

We began this school year with anticipation for what was widely deemed the 'Covid Slide,' and have closely monitored academic patterns. We saw an increase in Title I participants, a slight decline on MAP scores and lower ACT performance than in years past. Experts have assured us this was to be expected, and something our staff is continually working to push past. In spite of some academic challenges, we have seen that students remain focused and continue to feel supported by staff. In fact, 89% of BD students in grades 5-12 reported that teachers are understanding when students have personal problems and 84.7% of students in grades 5-12 reported feeling successful at school. Additionally, 88.9% of students surveyed reported a strong sense of belonging to the Bruning-Davenport district. This data was not surprising to me, as I have noticed more thoughtful conversations from all ages in the hallways, lunch, and throughout many of the classrooms. I believe the confinement during recent months has made students more willing to be social and share their personal views with their peers and teachers, and become better listeners in class when their teachers are providing instruction.

Though it may be difficult to imagine, it appears that this ordeal we have experienced has been in some ways a blessing in disguise. COVID has swept over us like a wave, and the world that follows it will be different; but our skills in education will also become more broad. We have become more technologically proficient, more flexible, and more communicative. As a district, it is essential that we continue to apply the lessons and skills we have learned so we are prepared for whatever our future has to offer.

Seniors...make sure you complete the FAFSA process: Getting financial aid for college involves more than completing the Free Application for Federal Student Aid (FAFSA). Complete each step of the process so that you don't miss out on money for college.

1. **If you haven't already, complete your 2021-22 FAFSA** at studentaid.gov using 2019 income tax data. Before you start, you and a parent must each create a [Student Aid account](#). If you need help with your FAFSA, [contact EducationQuest](#) to set up a free virtual appointment.

2. **Expect a Student Aid Report (SAR) via an email link.** The SAR acknowledges that your FAFSA was received and lets you know if you need to take further action before the form can be processed.

3. **You might receive a verification notice** from the college(s) you listed on your FAFSA requesting documents to verify your FAFSA information. The college will not process your financial aid until you provide the required documents.

4. **Watch for financial aid award notifications.** Once you're accepted for admission to the colleges you listed on your FAFSA will notify you of the types and amounts of financial aid they're offering.

Watch your email and student portal carefully for important details from colleges about admission and financial aid.

What you need to know about scholarships: Most scholarships are based on academics, but others are based on community service, school involvement, or talent. Some are based on financial need as determined by the results of your FAFSA.

Here's where to look for scholarships:

1. [ScholarshipQuest](#) at [EducationQuest.org](#) houses over 2,000 Nebraska-based scholarships. After you create a profile, you'll be matched with scholarships that fit your criteria. You'll also find links to national sites that EducationQuest recommends.

2. **Your school counselor's office.** Visit regularly to check on local and national awards.

3. **The college you plan to attend.** Contact the school for a list of scholarships they provide and the application procedures.

4. **Other resources** could include your coach, clubs and organizations, and your parents' employers and civic organizations.

Go to [EducationQuest.org](#) for more details about scholarships and tips to help you complete a successful application.

Two easy-to-apply-for scholarships from EducationQuest: Don't miss out on these scholarships for Nebraska students in grades 9-12:

Get Social Scholarship – By following EducationQuest on [Facebook](#), [Twitter](#), and [Instagram](#), you can enter into a drawing for a \$500 scholarship each time we hit another 250 followers. Go to [EducationQuest.org](#) for details.

Scavenger Hunt Scholarship – To apply for this scholarship, create a *ScholarshipQuest* profile at [EducationQuest.org](#) and then scavenge around the EducationQuest website to find answers to questions on a survey. The deadline to apply is **March 31**. We'll draw two winners from those who answer all questions correctly. Go to [EducationQuest.org](#) for details.

Save the Date...Virtual College Fair is March 2-3 EducationQuest will host a Virtual College Fair Tuesday, March 2 from 9:00 a.m.-noon and Wednesday, March 3 from 5:00-8:00 p.m. During this event, you can chat with college representatives and watch live college-prep presentations. Watch for details!

February "To Do" List

Seniors:

___ If you haven't already, complete the [FAFSA](#).

___ Expect financial aid award notifications from the colleges you listed on your FAFSA.

___ Apply for scholarships.

Juniors:

___ Start preparing for the ACT. Here are [test-prep resources](#) to consider.

___ [Register](#) by February 12 for the March 13 SAT.

___ [Register](#) by March 12 for the April 17 ACT.

The Bruning-Davenport Beef Boosters was formed in January 2016 to bring healthy, nutritious, flavorful Nebraska beef to the students of the Bruning-Davenport USD. This program will provide educational components to help students better understand the nutritional value of beef, as well as understand where their food comes from.

Since January of 2016, the B-D Beef Boosters has provided 13,638.52 pounds of ground beef, roasts, hamburger patties, and fajita meat. A big thank you to our school cooks Amanda and DeEtta for preparing beef entrees such as hamburgers, roast beef, spaghetti, tatertot casserole, beef and noodle, chili, cheeseburger soup, vegetable beef soup, tacos, super nachos, goulash, sloppy joes, lasagna, cheeseburger macaroni, meatballs and beef and gravy over potatoes.

You can be involved in this program that benefits our Bruning-Davenport students by contributing monetary donations to the Bruning-Davenport Beef Boosters Program. The monetary contributions will be tax deductible and used to purchase the market beef from McLean Beef and cover the processing costs incurred.

There are several student benefits to incorporating Nebraska beef in our school system, such as providing high-quality, good tasting Nebraska raised beef for lunch. Also opportunities exist to learn about nutrition, lifelong healthy eating habits, and gain an understanding of the importance of agriculture in our community and world. Students will see firsthand the impact of the beef industry and gain an understanding of how it functions. The program also directly relates to the agriculture classes and FFA program Bruning-Davenport offers.

The school will benefit by serving Nebraska raised beef and offering a higher quality of ground beef, roasts and deli meat products. Patrons need to understand that serving sizes will not be affected by this program as those are set by Nebraska state nutrition guidelines.

Please consider getting involved in the Bruning-Davenport Beef Boosters program by making a tax-deductible contribution. Further information on how to contribute to this program is enclosed. Farm to Fork.....Eat Nebraska Beef!
