Please thank these dedicated community members who make decisions each month in the best interests of our students and district.

Bruning-Davenport USD has much to offer students. The District offers a strong academic program that includes access to dual-credit courses from the University of Nebraska, Southeast Community College, and Peru State College. This has been utilized by a number of students to earn college credits at a reduced cost with the possibility of entering college as a second semester freshman. In addition, we are a member of a career academy, called SENCAP, in partnership with Southeast Community College, offering dual credit courses at **no** cost to the student in areas of education, health services, technology, criminal justice and agriculture.

Bruning-Davenport USD has an experienced staff and offers a wide selection of courses to meet the needs of our students. We continue to look for ways to expand our curriculum to build on their educational experience. One item offered before they graduate, our seniors complete the EverFi program. This program has nine modules: savings and budgeting, understanding a credit score and its implications, understanding credit cards and managing debt, how a bank works and Federal Reserve overview, taxes and insurance, renting vs. owning, managing loans to finance higher education, investing overview: an in depth review of trading and how the stock exchange works, and consumer fraud and protection. We believe this is an essential part of preparing our students for life beyond high school. The EverFi program is taught in our Personal Finance class required for graduation.

In addition to our academic program, Bruning-Davenport USD has a sound extracurricular program that includes music, play production, speech, FCCLA, FFA, football, volleyball, basketball, track and most recently golf. Each of these programs has a history of excellence and devotion to enhancing a student's experience at Bruning-Davenport USD.

Bruning-Davenport USD is an excellent district that has a dedicated staff and offers much to students. We invite you to review our website at <http://www.bruningdavenport.org>, our Facebook page at <http://tinyurl.com/am57lvj>, and the State of the Schools website at <http://www.education.ne.gov>. Look for the Nebraska Education Profile on the right side. An annual report is provided in this month's newsletter.

FROM THE PRINCIPAL: January 6, 2023 educators in our country reacted to the upsettingly common news of yet another school shooting. Every time I hear this news, my administrator's brain reflects on how I can continue to make Bruning-Davenport a safe place for our students. January 6th was no different, however, this time it hit a different trigger for me. This shooter was a young child- only 6 years old and in the 1st grade. Just within years of both of my sons' ages. On January 6th, I thought about this from the *parent's standpoint*.

As I reflected, I considered how I have the perspective to know about the practices, procedures, and policies we have in place. I wanted to ensure that all parents, not just those who work in the building, are aware of the level of security we put in place to keep everyone's children safe during the school day.

In the Fall of 2017, Bruning-Davenport adopted the "I Love U Guys" Standard Response Protocol (SRP). The main mission of this protocol is to provide a common language and easy-to-understand response requirements to ensure student and staff safety in the case of an emergency. SRPs are designed to be followed by school personnel during emergency situations such as lockdowns, evacuations, and shelter-in-place situations. Regular drills and training help school personnel and students be prepared and respond effectively in an emergency. It is important for schools to have a comprehensive emergency plan in place and to review and update it regularly. Below you will find the common language used within our district for our safety protocols.

As we send our children to school every day, it is hard not to think about the reality of school shootings. But as an administrator and parent of the district, I would like to comfort you with the assurance that the safety and well-being of your child is always at the forefront of our minds and our number one priority. *Mr. Damen Kugel, Principal*

What's Happening @ Your Library: Our second-grade students delved into the Jewish tradition of Hanukkah. They used research books to find out more about it and then we pieced together what we learned into a booklet. Mrs. Hulse taught them the "Dreidel Song" during music class. Our high school ag students & Ms. Vyhnalek made wooden dreidels for each of our students so they were able to close out the unit by singing the song and spinning their dreidels! Thank you all for making the unit even more fun and meaningful for them!
