WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

There are several forms at the end of this handbook that you must read, sign, and return no later than August 28, 2026.

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Mr. Kelly Lampe

Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

Goals and Objectives

The goals and objectives of Bruning-Davenport USD are to provide:

1. By the end of the 2026/2027 school year, at least 65% of students in grades 6th-8th will demonstrate at least one year's growth, or learning gain, as measured by the ELA statewide assessment or MAP data.
2. By the end of the 2026/2027 school year, students at Bruning-Davenport will consistently demonstrate behaviors that reflect a Respectful, Responsible, Safe and "Ready to Learn" school climate.

Bruning-Davenport USD teachers, administrators, and board of education have adopted the following vision statements to serve as a basis for decision-making concerning the education of Bruning-Davenport USD students.

1. All students will learn in a safe and supportive environment.
2. Students will develop critical thinking skills.
3. All students are valued as unique individuals

SECTION ONE

BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when temporary illness or severe weather conditions make attendance impossible or impracticable.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall

submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent using the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building administrator is designated as an attendance officer for the district. Each building administrator, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Attendance at a funeral for a member of the immediate family (parents, siblings, and grandparents),
2. Illness which causes a student to be absent from school,
3. Doctor or dental appointment which require student to be absent from school
4. Court appearances that are required by a court order and the student is not responsible for needing to be in court,
5. Family trips in which student accompanies parent(s)/legal guardian(s)
6. Inclement weather
7. Working for parents
8. Other absences which have received prior approval from the Principal

Excessive Absenteeism

When a student receives 10 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student has 20 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

Absences due to illness

The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

Planned absences

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Students are obligated to:

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or prearranged absences.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds five days.

Absences and Academic Responsibility

- 1) Students that are not taking part as a participant and wish to attend an activity MUST make arrangements with their instructors in advance of the event.
 - a. Students wishing to attend an activity or participating in the activity must be in attendance **for the full school day on the day of the activity unless it is an excused absence, (an**

illness or medical appointment both of which require a doctor's note). The student needs to be in attendance by 9:00 a.m. prior to leaving for the activity.

- b. Bruning-Davenport USD requests that students leaving school to attend an activity (not a participant) be excused from school by their parent or guardian prior to the activity and must be accompanied by their parent or guardian.
 - c. Students that are absent attending a school sponsored activity as a non-participant must make arrangements for their classes before the absence, credit will be given for work done if turned in before the absence.
- 2) Many times students are involved in activities during school time. As academics are higher in priority than activities, students should have their work made up before they participate in the activity.
 - 3) Extended absences for other than illness require make-up work to be done in advance or reasonable arrangements need to be made with the student's instructors. (Ex: vacations, hunting trips, ski trips, shopping, etc.)
 - 4) Pertaining to Students "making up" School Work.
 - a. There will be two school days allowed for make-up for every day missed, except in cases of truancy or class-skipping where only one school day will be allowed for make-up. The make-up work in cases of absence shall be made up within two days after the student returns (two days for each day missed). The one school day in cases of truancy will be defined as the day the student misses. The make-up work must accompany the student upon his/her return. Make-up work not completed within the allotted time will be recorded as a "0" grade for that assignment.
 - b. The only use of an "incomplete" will be when a student's absence occurs so late in the nine-week period that his/her make-up would extend into the next nine weeks.
 - c. In no case, other than extreme illness, will make-up time extend over ten (10) days past the end of a semester. (School days are defined as Monday thru Friday.)

Truancy/Class Skip

Truancy is defined as when the student leaves the school or never comes and the school knows or has not been notified of the student's whereabouts. Class-skipping is defined as when a student fails to attend class but remains in the building or on the school premises.

- 1st Offense: The student will make up double the time they missed as arranged by the administration.
- 2nd Offense: The student will make up double the time they missed as arranged by the administration.

- 3rd Offense: The student may be suspended for up to three days.

With the fourth (4th) truancy and/or class-skip, the student may be expelled for the remainder of the semester and will be recorded as dropped from classes with no grades issued. (The long-term expulsion procedure, as found elsewhere in this handbook, will be strictly adhered to.)

Pregnant and Parenting Students

Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities.

Band

Students may participate in the elementary band and begin taking band lessons in the 5th grade. Students in grades 7-8 may participate in the middle school band; grades 9-12 may participate in the high school band. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper's office. Any check for these payments should be made out to Bruning-Davenport Public Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Breastfeeding and Lactation

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Bulletin Boards

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be posted on the main bulletin board by the offices.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.
2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district’s anonymous platform Safe Schools Alert to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cafeteria Rules

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray onto the correct container. Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!
3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Second servings are available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
6. Students should remain at their tables until they are dismissed.

7. Parents who wish their child to eat lunch away from school must provide a written authorization to the student's building principal.
8. Students must treat lunch personnel with respect.
9. Students who violate the above rules will be disciplined.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

Students may not use cell phones or other electronic devices while at school, except as permitted in this handbook.

To promote a focused and distraction-free learning environment, all student cell phones must be secured in designated cell phone storage cabinets at the beginning of each school day.

- Upon arrival, students are required to place their cell phones in the assigned cabinet slot.
- The cabinets will be locked for the duration of the school day and will not be accessible until students are dismissed and leaving the building.
- Students will not be permitted to access their phones during passing periods, lunch, or any other time throughout the day.

Violations of this policy will result in the following consequence:

If a student is found with a cell phone or other electronic devices during the school day, the device will be confiscated and held in the office. It will not be returned to the student; a parent or guardian must come to the school to retrieve the phone.

Additional consequences may apply for repeated offenses, including but not limited to parent conferences, behavior contracts, or further disciplinary action as determined by administration.

This policy is designed to support academic success, minimize distractions, and maintain a safe school environment. Exceptions may be made only with prior administrative approval.

Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

Plagiarism is regarded as a very serious offense. Many institutions of higher education expel students found guilty of plagiarism. In our effort to prepare all Bruning-Davenport USD students for the future, we have established the following guidelines.

The Bruning-Davenport USD penalty for plagiarism is:

- 1) First offense: The teacher notes the plagiarism and contacts the parent. The student earns "0" credit for the assignment. The teacher will discuss the assignment with the student and determine if the student will re-do the assignment.
- 2) Second offense: The teacher notes the plagiarism and refers the student to the principal who makes contact with the student's parents. The student earns "0" credit for the assignment. The teacher will discuss the assignment with the student and determine if the student(s) will re-do the assignment.
- 3) Third offense: The teacher notes the plagiarism and refers the student to the principal who makes contact with the student's parents. The student earns "0" credit for the assignment and the principal may

assign one day of in-school suspension. The third offense will result in failure of the class.

Students need to recognize that a documented case of plagiarism on their record will prevent them from being inducted into the National Honor Society.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious.

All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

Closed Campus

Students may not leave the building without permission from the administration. Students may leave campus to go home for lunch if they have secured their parents' written permission and submitted it to the office.

Coats and Boots

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear over shoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please contact the school nurse.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status,

disability, or age, a complainant should follow the procedures set forth below.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if the complainant believes speaking directly to the person would subject the complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:

- a) Determine whether the complainant has discussed the matter with the staff member involved.
 - 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
4. If either the complainant or the accused party is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint, he or she may appeal the decision to the superintendent.
- a) This appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
 - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.

- d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received the complainant's written appeal.
5. If either the complainant or the accused party is not satisfied with the superintendent's decision regarding a complaint, he or she may appeal the decision to the board.
- a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
 - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.

- b) Strongly encourage the complainant to reduce his or her concerns to writing.
- c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
- d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

No Retaliation.

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities.

Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided to a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school

district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings.

The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. Student Expectations in the Use of the Internet

A. Acceptable Use

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.
3. Students may use the Internet to gain access to information about current events.
4. Students may use the Internet to conduct research for school-related activities.
5. Students may use the Internet for appropriate educational purposes.

B. Unacceptable Use

1. Students shall not use school computers to gain access to material that is obscene, pornographic, harmful to minors, or otherwise inappropriate for educational uses.
2. Students shall not engage in any illegal or inappropriate activities on school computers, including the downloading and copying of copyrighted material.
3. Students shall not use email, chat rooms, instant messaging, or other forms of direct electronic communications on school computers for any unauthorized or unlawful purpose or in violation of any school policy or

directive.

4. Students shall not use school computers to participate in on-line auctions, on-line gaming or mp3 sharing systems including, but not limited to Aimster or Freenet and the like.
5. Students shall not disclose personal information, such as their names, school, addresses, or telephone numbers outside the school network.
6. Students shall not use school computers for commercial advertising or political advocacy of any kind without the express written permission of the system administrator.
7. Students shall not publish web pages that purport to represent the school district or the work of students at the school district without the express written permission of the system administrator.
8. Students shall not erase, rename, or make unusable anyone else's computer files, programs or disks.
9. Students shall not share their passwords with fellow students, school volunteers or any other individuals, and shall not use, or try to discover, another user's password.
10. Students shall not copy, change or transfer any software or documentation provided by the school district, teachers or another student without permission from the system administrator.
11. Students shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called, but is not limited to, a bug, virus, worm, or Trojan Horse.
12. Students shall not configure or troubleshoot computers, networks, printers or other associated equipment, except as directed by a teacher or the system administrator.
13. Students shall not take home technology equipment (hardware or software) without permission of the system administrator.
14. Students shall not falsify electronic mail messages or web pages.

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage, and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the

school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.

2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;
 - b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
 - d. Other discipline as school administration and the school board deem appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. Protection of Students

A. Children's Online Privacy Protection Act (COPPA)

1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.
2. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

B. Education About Appropriate On-Line Behavior

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.

2. Staff will specifically educate students on
 - a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
 - b. Cyberbullying awareness and response.
3. The School District's technology coordinator shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences at the end of the first quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Daily Schedule and School Calendar

The school day will begin at 8:10. They then may go to their rooms. Elementary school will dismiss at 3:30 Monday through Thursday. On Friday, the elementary school will be dismissed at 2:20. From 2:21 – 3:00 on Fridays, teachers will be available for conferences and students who have missed assignments or were referred for disciplinary measures will be expected to stay and catch up on work during this time. Damage to School Property

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Dating Violence

Dating violence, as that term is defined by Nebraska law, will not be tolerated by the school district. Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law.

Discrimination and Harassment

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with a student's school performance, or (3) otherwise adversely affects a student's school opportunities. Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: Mrs. Kowalski at 402-353-4685, rkowalski@bdstorm.org, or in person at school. Students who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: Mrs. Kowalski at 402-353-4685, rkowalski@bdstorm.org or in person at school. Students who believe that they have been the subject of any other unlawful discrimination or harassment should contact Mr. Lampe at 402-364-2225, klampe@bdstorm.org or in person at school. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

Dress Code

Students must come to school dressed in clean, neat, and appropriate clothing to conform to educational standards.

Students are prohibited from wearing the following attire:

1. Causes or is likely to cause a material and substantial disruption to the District's programs and activities

2. Promotes, depicts, or refers to violence, drugs, alcohol, vulgarity, obscenity, illegal activity, hate speech, bullying speech, or harassing speech
3. Includes words, gestures, or images that contain or imply sexual content or innuendo
4. Otherwise undermines the District's mission to inculcate the habits, manners, and values fundamental to civility, community, and the educational environment
5. Caps, hats and bandannas during the school day
6. Bare feet (some type of footwear must be worn)
7. Short shorts or skirts
8. Shirts, blouses, or other clothing worn unbuttoned, unzipped, or otherwise purposely unfastened or ripped (cut-offs)
9. Costumes and/or those clothes intended only for leisure, entertaining or special occasions
10. Bare "midriff" (belly button) styles, see-through and low cut blouses, halters, thin-strapped tops (spaghetti straps)
11. Pants and shorts worn below the waist so as to expose undergarments

Students who violate dress code guidelines will be required to correct the violation by changing into something appropriate at school or returning home to change. A detention or suspension may be given to make up the time away from school. Repeated dress code violations may result in more severe consequences.

Driving and Parking Personal Vehicles

Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not be allowed to sit in or be around their vehicles during the school day, without administrative permission.
2. Students must drive with care to ensure the safety of the pedestrians. Students may not drive carelessly or with excessive speed.
3. By driving personal vehicles to school and parking on school grounds, students consent to having that vehicle searched by school officials when they have reasonable suspicion that such a search will reveal a violation of school rules.

Drug Free Schools

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol, or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Thayer County Schools Policy on Student Use of Alcohol, Drugs and Tobacco

I. OBJECTIVE AND PURPOSE OF THE POLICY:

Bruning-Davenport School has established a drug abuse policy to provide a drug and alcohol-free school environment for its students that helps ensure the highest possible standards of learning, safety, health and well-being for our students. Thus, the purpose of this policy is to provide a clear message to students, parents, and the citizens of the community that the use, possession, distribution, or being under the influence of illegal drugs will not be tolerated in school, on school property, or during school-related functions. It is important for any reader to understand that the use of the word "drug" includes alcohol and tobacco. The only drugs permitted are prescription medications used appropriately. Bruning-Davenport recognizes that the illegal use and misuse of alcohol, drugs, and tobacco is a common problem in our community and society. The school further recognizes that any and all use of these substances is prohibited to minors by the laws of the State of Nebraska.

IT SHALL BE THE PHILOSOPHY OF BRUNING-DAVENPORT SCHOOLS TO:

- a. Educate the students about the dangers and consequences of the use of alcohol, drugs and tobacco.
- b. Encourage the students to live in accordance with the laws of the state concerning alcohol, drugs and tobacco.
- c. Develop the life skills that will prepare students to better handle the social pressures that prevail.
- d. Provide help and guidance for alcohol and chemically-dependent students.
- e. Continue to provide, without penalties, assistance to any student voluntarily seeking alcohol and drug treatment or advice.

- f. Establish and enforce rules prohibiting the use of alcohol, drugs and tobacco for all students

II. POLICY

The following rules and guidelines are provided to give teachers, parents and students a process for governing students' misuse of alcohol, drugs and tobacco. These rules and guidelines pertain to the school year and school-related functions.

RULE: IT SHALL BE UNLAWFUL FOR A STUDENT TO USE TOBACCO, DRUGS (OTHER THAN PRESCRIBED BY A PHYSICIAN), ALCOHOLIC BEVERAGES, E-CIGS OR VAPING PRODUCTS.

Use shall be defined as:

- a. Consumption
- b. Possession shall mean "on the person" or "on property owned and/or used by the person".
- c. Intoxication evidenced by abnormal and/or disruptive behavior.
- d. Physical presence in a situation in which alcohol or drugs were being used or illegally possessed

III. APPREHENSION

A student may be turned in for violating the above rule by:

- a. Parents/guardian of said student
- b. Coach or moderator
- c. Officer of the law

Apprehension by a person other than those above will be used only if the accuser agrees to sign an affidavit confirming his accusations. At this point, the matter will be taken up by the administration in accordance with the manner described below.

IV. VIOLATIONS

A. Class I. Violations

- Alcohol/Drugs/Tobacco - The possession of, the use of, or having under his/her control any chemical substance with the intention of selling, giving away or otherwise distributing the same on school grounds, or while in any/or at any school function or activity.

The following procedures will be used in dealing with Class I violations:

- Notify the administration
- The administration will verify the incident with parties involved
- Discuss concerns with the student
- The principal will attempt to notify the parents/guardians by phone to explain the incident and arrange a conference

- The principal will administer an out-of-school suspension for five (5) days in compliance with student due process procedures
- The principal will notify the parents/guardian, in writing, of the suspension

V. **WAIVER OF FIVE (5) DAY SUSPENSION:**

Bruning-Davenport Schools strongly recommend that students with chemical abuse problems seek professional evaluation and treatment from a trained chemical dependency counselor or a licensed physician trained in chemical dependency. Because we believe that chemical dependency is preceded by misuse, we feel confident such early intervention can benefit the student before significant harm or dependency results. Students agreeing to be evaluated, educated, and treated will be able to have their suspension commuted upon completion of such programs according to school guidelines. Fees, transportation, etc. for this assessment and treatment are the responsibility of the student and parents.

First Violation:

- For a first offender, the out-of-school suspension of a student who agrees to be evaluated and treated will be commuted; however, a 5-day in-school suspension will be required.
- The student and parents will be responsible for contacting the agency.
- Upon proper authorization, the agency will notify the school, and out-of-school suspension will be commuted at that time.

Second Violation:

Option A: Long-term suspension

Option B: A five (5) day out-of-school suspension and participation in a school-approved rehabilitation/counseling program.

Subsequent Violations: Handled in the same manner, with the exception that expulsion will be recommended.

B. Class II Violations

Drugs/Alcohol/Tobacco - Physical presence and participation in a situation in which drugs or alcohol were being used in a violating manner or illegally possessed. The following procedures will be used in dealing with Class II violations:

- Notify the administration of the incident
- The administration will verify the incident with parties involved
- Discuss concerns with students
- The principal will attempt to notify the parents/guardians by phone to explain the incident and arrange a conference, if needed

- The principal will suspend the student with an in-school suspension for one (1) school day in compliance with student due process procedures
- The principal will arrange an in-school counseling session for the student

Subsequent Violations

- The in-school suspension is for a period not more than three (3) days
- The principal may recommend an out-of-school suspension or participation in a school-approved rehabilitation counseling program.

Emergency Contact Information

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

Evacuations

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

Eye Exams

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

Food Service Program

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

Breakfast

The school will serve breakfast daily from 7:30 a.m. until 8:10 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges \$2.05 for breakfast.

Lunch

Lunch prices depend on the federal funding that the program receives. Lunch for K-4 is \$2.75. Lunch for 5-12 lunch is \$3.00 for students and \$4.25 for adults.

Milk break

The school will offer a milk program to all students. All milk served to a student (except the initial carton served with lunch) will cost \$.60 per half pint. The price for milk may change during the school year. Milk will be served at the morning recess. Teachers will record the number of cartons of milk each child consumes and give the information to the office at the end of the month where it will be added to the family account.

Payment for Meals

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student has no funds available to pay for a meal, the student will be permitted to charge up to five meals. Thereafter, if a student has no funds available to pay for a meal, no food will be provided.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

Notice of Non-discrimination

In accordance with federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, disability, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

- (1) Mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil
Rights 1400 Independence Avenue, SW
Washington, D.C. 20250-9410
- (2) Fax: (202) 690-7442; or
- (3) Email: program.intake@usda.gov

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotope, American Sign Language, etc.), should contact the school district. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

First-Aid

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

Head Lice

The following guide the district's response to the presence of lice.

- 1) Children will be sent home from school for live head lice. In the event a child has two (2) cases of live lice in a semester, the child will be sent home until free of both live lice and nits (eggs).
- 2) Health office staff will provide written treatment information and instructions, including how to check and identify head lice*.
- 3) A child who is sent home from school for head lice should miss no more than two (2) school days.
- 4) A child who has been sent from school due to head lice must come to the office for inspection before returning to class.
- 5) A child who returns to class with nits (eggs) will be checked again in 7-10 days.
- 6) Families are encouraged to report head lice to the school health office.
- 7) Classroom-wide or school-wide head checks will be conducted as needed in order to control the condition at school.

**Nit removal will be emphasized for effective management of the condition. For more information call the nurse at your child's school.*

Health Problems Limiting Activities

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify the principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless

students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator, Superintendent Kelly Lampe, may be contacted at (402) 364-2225.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Immunizations

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history. Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records.

Provisional Enrollment. Students who meet the statutory requirements for provisional enrollment shall be allowed to attend school for sixty days without the necessary immunizations.

Students who are excepted from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of “hazing” as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Lost and Found

All lost and found articles are to be taken to the office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication. (1) Parents/guardians must provide a physician's written authorization for the administration of the medication.

(2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

Non-prescription medication. (1) Parents/guardians must provide written permission for the administration of the medication. (2) The medication must be brought to the school in the manufacturer's container. (3) The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Media Center

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. A fine of five cents per day per book may be charged for overdue books. Each student is responsible for any fine that accumulated on a book charged to

him/her. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

Memorials

Memorials or plaques honoring deceased students are generally not allowed in or on the school grounds unless authorized by board policy. Dedications to students will not be allowed.

Scholarships in the deceased person's name will not be set up by the school. Scholarships set up by outside organizations or individuals, such as a foundation, will be allowed.

National Honor Society

The National Honor Society chapter of Bruning-Davenport USD is a duly chartered and affiliated chapter of this prestigious national organization.

Admission to the National Honor Society

Membership is open to those students who meet the required standards in four areas of evaluation: scholarship, leadership, service, and character. Students are selected to be members by a five-member Faculty Council, appointed by the principal, which bestows this honor upon qualified students on behalf of the faculty of our school each year. (See NHS By-Laws)

Organizations and Activities

Class Organizations:

Class organizations are a chance for all students to participate. Classes will elect officers at the beginning of each new school year as follows: President, Vice-President, Secretary/Treasurer. Students will be directly responsible to their class sponsor. All meetings and get-togethers are under school jurisdiction and must be sponsored.

All money-making projects for class parties will be cleared by the sponsor and the administration and must be properly supervised.

Student Council:

Bruning-Davenport Unified School District will have a student council composed of elected representatives of each class within the school. The purpose of the student council will be to act as a barometer of student opinion in promoting the general social life and respect for the school and to stimulate student interest in activities. Representatives will be elected to the student senate during the first class meetings at the beginning of each new school year. Two representatives from each class, grades 9-12, will be elected. The president of the council will be chosen from the senior class representatives.

The administration shall have the right to veto any measure or function of the student council. However, the administrators are interested in promoting a successful student council, as it can do much to promote and improve our school. The student council, at its best, exemplifies democracy in action.

Activities Recognition:

For each athletic sport or activity, the head coach and/or sponsor is required to submit, prior to the season, a detailed lettering requirement statement to the athletic director for approval by the administration.

The lettering requirements are to be handed out to each participant/parents prior to the beginning of the season by the head coach/sponsor. If the participant or parents have any questions regarding these requirements, it is suggested that the coach/sponsor be first to discuss the question.

In all activities there is a "discretionary clause" which allows for any requirements to be waived by the coach/sponsor for any participant that is unable to complete the season due to injury, illness, or other extenuating circumstances. In all cases, the participant must have the recommendation of the coach/sponsor.

Junior/Senior Prom:

Bruning-Davenport students in grades 9-12 may attend the prom. Eligible dates for the prom will be high school students, and older but under the age of 21. The junior/senior banquet will consist of the juniors and seniors and their appropriate dates.

Senior Trip:

This will be a day(s) chosen from the last nine weeks of school, subject to the approval of the administration. The seniors, with their sponsors, may select a place to visit, within a 500 mile radius. The administration selects the bus driver. The parents of all seniors going must accept responsibility for the welfare of the students by signing a release form. The trip may not exceed a two-night stay and one school day. All costs will be assumed by the senior class. All trips must be approved by the school board. Information that will be presented for approval include: destination, duration, approximate itinerary, chaperones. All students attending must be in good academic and attendance standing to attend.

Activity Affiliation:

Bruning-Davenport Unified School District is a member of the CrossRoads Conference and the MUDECAS. All students are permitted to participate in conference activities, provided they meet the academic requirements of NSAA. In addition, for athletics, they must pass the physical requirements and provide

evidence of protection through insurance for each sport in which they wish to participate.

Letter Club:

This is an organization of student athletes who have lettered in one or more sports.

F.C.C.L.A.:

The purpose of the FCCLA is to provide students with opportunities for self-development and to aid them in becoming good leaders in their homes, school and community. Monthly meetings and activities are held.

FFA:

The purpose of FFA is to provide students with opportunities to develop leadership skills and experience personal growth and career success through agricultural education.

NHS:

The purpose of National Honor Society (NHS) is to build character, build leadership skills, to stimulate a desire for citizen service, and to enhance respect for academics. A six (6) member Faculty Council selects qualifying students for membership.

Article 10 – Extra Curricular Activities – Conduct, Rules and Regulations

Section 1 Extra-Curricular Programs

Extra-curricular programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate in. Bruning-Davenport USD will adhere to the rules and regulations set forth in Title IX guidelines on sex discrimination as well as other pertinent rules and regulations.

All participants in activities will be expected to maintain a standard of personal conduct and appearance that will promote pride in all activities and a favorable example to young people within the community who look with admiration toward the high school student.

Section 2 Activity Philosophy

Activities are considered an integral part of the school's program of education which provide experiences that will help boys and girls physically, mentally and emotionally. The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship

prevail at all times to enhance the educational values of contests. We believe that participation in activities, both as a player and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, to the team, to the student body, to the community and to the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better people and citizens.

Safety

The District's philosophy is also to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, and to exercise common-sense. In addition, the District requires that all travel is to be by school bus or other furnished vehicles. All members will return from an activity by the same transportation provided for taking them to the activity. An exception can be granted if the parents submit a note prior to the activity and take physical custody of the student. Parents can grant other parents' permission to take custody of their child. Parents must communicate this request in writing prior to taking custody.

Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 3 Activity Code of Conduct

The Bruning-Davenport Unified Schools are dedicated to the concept of extra-curricular activities being an important and vital educational component of a total education. These activities will be a positive learning experience for our students if they can recognize that they may achieve their highest personal potential only by embracing a lifestyle dedicated to competition, integrity, and self-discipline. In addition, selection to a team, organization or club is both an honor and a privilege, and as visible representatives of Bruning-Davenport Unified School District, these students have the obligation to conduct themselves in an exemplary manner at all times. That is the reason for

establishing the Activity Code of Conduct. Training rules are a matter of self/team discipline. The best performance that the individual is capable of producing comes only after the body and mind have been conditioned through a regular training program. This code is to be followed by all students and is to be in effect for the school year and related school functions. When a student participates in extra-curricular activities his/her responsibilities go beyond the school grounds, facilities, and school-related functions. Policies on tobacco, alcohol and other drugs are in effect for athletes and participants at all times in all places. Bruning-Davenport USD will recognize any violation restrictions that a student coming into the district from another Thayer County school system accrued under his or her original school of attendance.

The following penalties for Class I and Class II violations will apply:

First Violation: Athletics

Option A: Suspension for 33% of the scheduled varsity contests beginning with the day of the first scheduled inter-scholastic contest the student is scheduled to participate in following the infraction. If the violation occurs between seasons or when a student is not involved in athletics, the disciplinary action will not start until the day of the first inter-school competition in which the athlete could participate. If a student's suspension is not completed by the end of a sport season, the count will be discontinued until the day of the next scheduled interscholastic contest in which the athlete participates in. He/She will be expected to practice during the suspension.

Option B: Same as Option A **except** students agreeing to be evaluated, educated, and treated will be suspended for 22% of the scheduled varsity contests instead of the 33% of the scheduled varsity contests.

The suspension will be lowered from 22% of the scheduled varsity contests to 11% of the scheduled varsity contests under the following conditions:

- a. The student and/or the parent report the violation within 48 hours of the infraction, violation or citation.
- b. The report **MUST** be made to the Superintendent or Secondary Principal. Reporting to a coach, teacher, guidance counselor or any other school employees will **NOT** satisfy this requirement.

First Violation: Non-Athletic Activities and Organizations

Option A: Consequences for violating the code of conduct for non-athletic activities will be a 14 calendar day suspension from participation in all non-athletic activities, the loss of membership for one (1) calendar year from date of violation, and the loss of any elected office and ineligibility of being elected to office for the remainder of the school year.

Option B: Students agreeing to be evaluated, educated, and treated will be able to have their suspension reduced to seven (7) calendar days upon completion of such programs, according to school guidelines, but he/she will still lose any elected office and will be ineligible to be elected to office for the remainder of the school year. This option must begin within five (5) calendar days.

Second Violation: Athletics

Suspension from all athletics for one year from violation date.

Second Violation: Non-Athletic Activities/Organizations

Consequences for a second violation of the code of conduct for non-athletic activities will be the suspension from all non-athletic activities for one year from the violation date, and the loss of membership in the organization.

Subsequent Violations: Activities/Athletics/Organizations

Suspension from all extra-curricular programs for one year from violation date.*A student serving a suspension for a first violation must successfully complete the season of the sport/activity that the suspension is served in. The failure to do so will result in the suspension being served during the next sport/activity that the student participates in.

Section 4 "Team Selection" and "Playing Time"

"Team selection" and "playing time" decisions are the responsibility of the individual coach or sponsor of the activity. Consistent, however, with the purposes of the activities program, the coaches and sponsors shall follow the following established guidelines for team selection and playing time decisions, along with such other guidelines as each individual coach and sponsor may develop which are not inconsistent with these established guidelines:

1. School Representative. Student participants must demonstrate that they can and will represent themselves and their school in a manner which reflects the development of high ideals and appropriate values, which shall include good citizenship in the school and in the community.
2. Success. Student participants must demonstrate that they can

make the activity program more successful, both from a standpoint of competitive success and success in promoting a positive school spirit. Characteristics for purposes of these criteria include the student's: (1) talent or skill, (2) desire to improve the student's own skills or talents as well as those of others in the activity, and (3) attitude of respect towards teammates, the coach, the school and the community.

Section 5 Academic Grade Standard for Activities Participation

Participation in extra-curricular school activities is encouraged and desirable for all students. At the same time, the principle mission and responsibility for each student is to establish a firm academic foundation.

All activities held outside of the regular school curriculum will be treated as extracurricular activities and thus come under our present eligibility policy. Activities that are an extension of the regular school curriculum will not come under the eligibility policy. Students demonstrating poor self-discipline, poor study habits, and/or failure to do required work may be declared ineligible.

Opting Out of Assessments

The Board of Education has adopted a policy on approval and denial of state and federal assessment opt-out requests, which is based on requirements in law. The policy can be requested by contacting the Superintendent of Schools.

Parental Involvement

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination, and integration with

other Federal, State, and district programs, and evaluations of progress.

Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.

The school provides the necessary equipment for classroom and school day activities. **Students should not bring items such as athletic**

equipment, electronic devices, toys, or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for damaged or lost personal items or equipment.

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Students must have a pair of tennis shoes for gym class. The shoes are to be clean for use on the gym floor and will be kept at school for the entire year.

Physical Exam

Students entering kindergarten and the seventh grade, and those entering school from another state, are statutorily required to show evidence that they have had a physical examination within six months prior to the date of entering school.

The school district arranges for a photographer to be present at school in the fall to take class pictures. Parents will be notified of the date. Included in the individual packet is a class composite. Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer.

Playground Rules

Students must follow these rules to keep the playground safe when they are using the playground as part of the school day:

1. Students must obey the playground supervisor at all times.
2. Students may not enter the street/highway to retrieve a ball unless given permission by the playground supervisor.
3. Students must play away from the school windows.
4. Touch and flag football are permitted, but tackle football is prohibited. Students may only play football on grassy areas.

7. Students may not leave the playground after they have arrived at school for the day.

Students who violate these rules will be disciplined with the loss of recess or other privileges, detention, and/or other consequences.

The school's playgrounds, equipment, and surrounding areas are generally not supervised. Staff will supervise students when the students are using

these areas as part of the school day or as part of a school activity. At all other times and in all other circumstances, the school district does not provide supervision of its playgrounds, equipment, and surrounding areas.

Police Questioning and Apprehension

Police or other law enforcement officers may be called to the school at the request of school administration, or may initiate contact with the school in connection with a criminal investigation. The school district shall inform parents when law enforcement officers seek access to their student prior to the student being questioned unless the officers are investigating charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police questioning of students.

Protection of Student Rights

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA). The policy is available on the district's website or upon request from the district's administrative office. Students may be required to submit to drug or alcohol testing if there is a reasonable suspicion that the student is under the influence of drugs or alcohol.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term “custodial parent” refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents’ behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Secret Organizations

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

Self Management of Diabetes or Asthma/Anaphylaxis

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
- 4.** If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

Standardized Testing

The NWEA is administered annually in grades K-11 to determine the students' achievement probability for individual success. Tests are administered twice annually and the results are sent home.

Student Assistance

Parents who believe their students have any learning, behavior, or emotional needs that they believe are not being addressed by the school district should contact the student's teacher. If appropriate, the teacher may convene the Student Assistance Team (SAT). The SAT can explore possibilities and strategies that will best meet the educational needs of the student.

Student Fee Policy

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska state law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

6. **Extracurricular Activities.** The school district may charge students a fee to participate in extracurricular activities to cover the district's reasonable costs in offering such activities. The district may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of district-owned equipment or attire. The coach or sponsor will provide students with additional written guidelines detailing the fees charged, the equipment and/or clothing required, or the usage fee charged. The guidelines will explain the reasons that fees, equipment, and/or clothing are required for the activity.
7. **Post-Secondary Education** Juniors and seniors who wish to earn dual credits through online courses, must first obtain permission from parent/guardian **AND** school counselor. In addition to the recommendations, the student's parent/guardian must sign a statement indicating that the student/parent understands the demands of online course work.

Students wishing to take a SENCAP, Dual Credit, OR College Credit History, Psychology, or Sociology course(s) must first take the high school equivalent prerequisite course. Bruning-Davenport USD will pay the tuition cost and textbooks for any D/C Advantage OR SENCAP Course from Southeast Community College. Textbooks will be purchased by the district and will remain property of the district. **If the student fails to**

earn a passing grade or drops the course after payment has been made, the parent will reimburse the school. The grades for students who have taken courses for dual credit will reflect the grade earned under the post-secondary school's grading system (e.g. a 90% is an A in college system but a B+ under Bruning-Davenport USD's system) All dual credit grades will reflect the grade assigned given by the college/university.

Additionally, students can take courses from any in-state college or university of their choice. Bruning-Davenport USD will cover the tuition costs of any HAL student. The HAL student is responsible for purchasing their own textbooks.

Students not classified as HAL are responsible for their own tuition and textbooks. **If the student fails to earn a passing grade or drops the course after payment has been made, the parent will reimburse the school.**

Students wishing to take classes from out of state colleges or universities are permitted to do so with approval from the school counselor AND administration. Bruning-Davenport USD will pay the cost of tuition up to, but will not exceed the cost of a D/C Advantage OR SENCAP Course. The difference in payment will need to be submitted to the district business manager upon enrollment of the course. The HAL student is responsible for purchasing their own textbooks. Non HAL students wishing to take classes from out-of-state institutions would be responsible for all tuition and textbooks.

Students taking dual credit courses are required to provide their weekly grade on the last day of the week to the counselor or the student will be considered ineligible. Students have until 4 pm of that day to provide the grade. They may do this through providing a screenshot of the grade book.

8. **Copies of Student Files or Records.** The school district will charge a fee for making copies of a student's files or records for the student's parents or guardians. The Superintendent or the Superintendent's designee shall establish a schedule of student record fees. Students' parents have the right to inspect and review the students' files or records without the payment of a fee, and the district shall not charge a fee to search for or retrieve any student's files or records. The district will charge a fee of \$.05 per page for reproduction of student records.
9. **Charges for Food Consumed by Students.** The district will charge for items that students purchase from the district's breakfast and lunch programs. The fees charged for these items will be set according to

applicable federal and state statutes and regulations. The district will charge students for the cost of food, beverages, and the like that students purchase from a school store, vending machine, booster club or from similar sources. Students may be required to bring money or food for field trip lunches and similar activities.

Waiver Policy.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Students are not required to participate in the free or reduced-price lunch program to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal. Application forms are available in each school building office.

Voluntary Contributions to Defray Costs.

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents, and patrons.

Fund-Raising Activities

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and support under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504

committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Student Government

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the

image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal.

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or

consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Student Schedule Changes

Student schedule changes may be made without penalty during the first five days of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the guidance counselor and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If possible, school bills should be paid with exact change or a check.

Telephone Calls

The school's telephone may be used only with permission of staff.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.

- ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
 - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such reports regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) shall consist of the Crisis Team. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Transportation Services

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Students must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their

building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Video Surveillance and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Unless otherwise authorized by board policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district's appropriate use and student discipline policies. For example, students are not prohibited from making recordings of an athletic event for their personal use similar to a parent or other patron are permitted, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Water Bottles

District-Provided Water Bottles

All students will be provided with a clear, reusable water bottle at the beginning of the school year.

These bottles are intended for daily use and should be brought to school each day, filled with water.

Personal Water Bottles

Students may choose to bring their own personal water bottle, but it must be clear (transparent) to ensure contents are visible.

Water bottles should be durable, non-glass, and have a secure lid to prevent spills.

Contents

Water is the only approved beverage in water bottles during the school day.

Students may not bring outside beverages, such as juice, soda, energy drinks, coffee, or flavored water.

Bottles found to contain anything other than water will be confiscated, and parents/guardians may be notified.

Usage Guidelines

Water bottles are allowed in classrooms, hallways, and during recess or PE, unless otherwise directed by a teacher.

Students should use their water bottles responsibly and avoid disruptions (e.g., squirting water, excessive trips to refill, sharing bottles with others).

Exceptions for Special Occasions

On designated special occasions such as classroom celebrations, movie days, or holiday parties, teachers may allow students to bring a special drink.

These events will be communicated in advance, and any non-water beverages must be consumed during the designated celebration time and not throughout the day.

Outside drinks are not permitted outside of these approved events.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced on KHAS-TV, Hastings; KOLN/KGIN TV, Lincoln; and KLKN, Lincoln. The announcement of school cancellations will also be posted on the school Facebook page and will be communicated via the telephone automated system. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

Withdrawal From School

Students who are moving from the district must notify the school office

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

SECTION TWO

ACADEMIC INFORMATION

Academic Lettering

A student in grades 9-12 is eligible for an academic letter if he/she achieves Honor Roll status in any three of the four quarters in a year.

Certificate of Attendance

To qualify for a Certificate of Attendance, which will be awarded at a time other than the commencement exercises, a student must: 1) attend four complete years of high school; and 2) accumulate 260 classroom credit hours. Students may not participate in commencement exercises to receive a Certificate of Attendance except as provided by law.

Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each core curriculum class in which he/she was enrolled. For the purposes of this policy, core curriculum shall include all courses in the areas of language arts, mathematics, science, and social studies.

Students who transfer into the school district will be eligible to be included in class ranking after two semesters of attendance.

Students who transfer into the school district in the middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking. Mid-year transfer students will not be eligible to receive senior awards such as valedictorian and salutatorian unless the student has been enrolled in the district's high school for the last two semesters.

Grades

If there is any concern by the parent over a grade, they may feel free to consult with the teacher, counselor, or principal.

Elementary

Grades are a form of evaluation as to what your child has learned and/or accomplished. Grades will be sent home at the end of each quarter.

Middle/High School

The grades recorded for Bruning-Davenport junior/senior high students will be letter grades. The letter "I" recorded on a student's work means that the work is incomplete and must be made up before credit will be granted in a course. Letter and percentage grades will be recorded on report cards and they will be within the following parameters:

Grade	Percent	Grade	Percent
A+	97-100	C+	83-85
A	95-96	C	80-82
A-	93-94	C-	78-79
B+	90-92	D+	75-77
B	88-89	D	72-74
B-	86-87	D-	70-71
		F	0-69

Grade	Percent
S	Satisfactory
U	Unsatisfactory
I	Incomplete
E	Excellent

Graduation Awards

Two (2) graduating seniors compiling the highest grade point average during their four (4) years/eight (8) semesters of high school shall be honored as the class Valedictorian and Salutatorian, respectively. Valedictorian and Salutatorian will be selected in the second (2nd) semester of their Senior year after ALL grades have been calculated. Transfer students must be enrolled at Bruning-Davenport High School for a minimum of two (2) semesters to be eligible. The class will select one student as their representative to speak at commencement, and the speaker will be approved by the administration.

Additional Information

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multi-Disciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

High Ability Learner – Identification Process

A student must meet one of five criteria for identification as a High-Ability Learner. The three criteria in grades 5-8 are: earning a 95% or higher on the student percentile range for the Math, Reading, Language Usage, or General Science tests on the norm-referenced test, Measure of Academic Progress; earning an “exceeds standards” on the state reading, state math test, or state science assessments (i.e. NSCAS-R, NSCAS-M, NSCAS-S); or, teacher recommendation. The additional criteria for grades 9-12 are: sustain a 3.75 GPA in core studies (math, English, science, and social studies); AND earn at least a 26 on the ACT in English, Reading, Science, or Math. If a student meets the criteria during his or her middle school years, he or she must re-qualify under the stated criteria during grades 9-12 in order to be considered a part of the High-Ability Learner program and be eligible for benefits. Membership will be for two (2) years then the student must requalify. Additions to membership will occur bi-annually each year.

Students taking online classes either through Apex Learning or another approved online program are required to complete at least 90% of the assigned classwork to earn credit for the class. The grade earned will reflect the grade assigned by the online system. These platforms are NOT dual-credit and are used primarily for credit recovery. **Students must demonstrate a 5% increase in completed content per week to remain eligible.**

Homework

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor

Honor Roll

The purpose of the honor roll is to recognize those middle and high school students who demonstrate academic excellence. Bruning-Davenport Unified Schools shall publish two secondary honor rolls after the end of each nine-week and semester grading period. A student may earn a place on either the "A" or "B" honor roll. Students will be recognized accordingly:

- 1) Students receiving all "A's" will be listed on the "A" honor roll
- 2) Students receiving no other grade lower than a "B" will be listed on the "B" honor roll

Mid-Term Graduation

Students are generally required to attend four years of high school (minimum of seven semesters) to be eligible to receive a diploma from the school district.

The Board of Education, upon receiving administrative recommendation, may grant mid-term exit from high school to students who have completed the requirements for graduation. To be considered for mid-term exit from high school, the student and his/her parents or guardian should apply during the first quarter of the student's senior year. The Board of Education will act on all requests. Any student who is granted mid-term exit from high school forfeits all privileges of high school enrollment, except the right to participate in commencement exercises.

Report Cards

Report cards are sent home the week following the end of the nine-week reporting period. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

Weekly Eligibility

All activities held outside of the regular school curriculum will be treated as extracurricular activities and thus come under our present eligibility policy. Activities that are an extension of the regular school curriculum will not come

under the eligibility policy. Students demonstrating poor self-discipline, poor study habits, and/or failure to do required work may be declared ineligible.

1. The school will implement a one week "in jeopardy" period whenever a student has a cumulative failing average during the nine week period, in any one or more classes. The student will be verbally notified by the teacher(s) for that subject area(s) on Monday (or first school day) each week. The teacher(s) will explain to the student the reasons for the failing grade and what the student should do to remedy the problems. It is the student's responsibility to seek additional help (if appropriate) from the teacher to improve the failing grade(s). Students who fail to pass a class for a quarter or semester will be ineligible until the beginning of the third (3rd) week of the following quarter. If they are not passing the class at that time, they will remain ineligible until the next grade check in which they are passing.
2. If the student is still failing in any one or more classes the following week (i.e. the same course(s)), the student would then be ineligible for a one week period. The student could participate in practice but not in competition. Ineligibility would continue until the student is no longer failing in any one or more classes. Students ineligible to participate in an activity will not be able to leave school to attend the activity.
3. In Middle School, the student's parents will be notified by email, letter, or phone call when their child is placed on the "in jeopardy" list.
4. In Middle School, if a teacher believes that a student is working to his/her full potential in a class, but is failing, the teacher may give a student a (temporary) grade of 70% when reporting.
5. Students demonstrating poor self-discipline in regard to attitude and/or behavior may be declared ineligible for participation in school activities by the principal. A teacher may recommend such, to be determined by the principal. Coaches/Sponsors may take additional measures in regard to participation, as it relates to this policy.
6. In regard to this policy, activities defined for ineligibility are any/all activities of interscholastic competition between schools. Activities not included are intra-school in nature, and generally social or non-competitive.

SECTION THREE

STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain

in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event. As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a parent or guardian at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.
4. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Weapons and/or Firearms

Weapons. No student may possess, handle, or transmit any weapon while on school grounds, in a school vehicle, or at any school activity or event off school grounds except

as permitted by this policy. **Definition of Weapon.** The term “weapon” means any object, device, instrument, material, or substance which is capable of causing injury in the manner it is used or intended to be used.

Firearms. No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy. **Definition of Firearm.** The term “firearm, as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences – Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, and the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms and Weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm or weapon possessed in violation of this policy. Any firearm that is confiscated by school personnel shall be delivered to a peace officer as soon as practicable. Such firearms are subject to being destroyed by law enforcement authorities.

Report to Law Enforcement Authorities. All school personnel are required to report any violation of this policy to a principal or the superintendent of schools. Pursuant to state and federal law, school personnel are required to report to law enforcement authorities when a student brings a firearm to school.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.

5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

4. Nothing in this policy shall preclude the student, student's parents, guardian or representative from discussing and settling the matter with appropriate school personnel prior to the time the long-term suspension, expulsion, or mandatory reassignment takes effect.
5. If a hearing is requested within five days after receipt of the notice, the Superintendent shall recommend appointment of a hearing examiner within two school days after receipt of the hearing request. The student or the student's parent or guardian may request designation of a hearing examiner other than the hearing examiner recommended by the superintendent if notice of the request is

given to the superintendent within two school days after receipt of the superintendent's recommended appointment. Upon receiving such request, the superintendent must provide one alternative hearing examiner who is not an employee of the school district or otherwise currently under contract with the school district and whose impartiality may not otherwise be reasonably questioned. The student or the student's parent or guardian must, within five school days, select a hearing examiner to conduct the hearing who was recommended or provided as an alternative hearing examiner, and shall notify the superintendent in writing of the selection. 7. The hearing shall be held within a period of five school days after appointment of the hearing examiner, but such time may be changed by the hearing examiner for good cause with consent of the parties. No hearing shall be held upon less than two school days' actual notice to the principal, the student, and the student's parent or guardian, except with the consent of all the parties.
8. The principal or legal counsel for the school, the student, and the student's parent, guardian, or representative have the right to receive a copy of all records and written statements referred to in the Student Discipline Act as well as the statement of any witness in the possession of the school board or board of education no later than forty-eight hours prior to the hearing.
9. If a hearing is requested more than five school days following the receipt of the written notice, but not more than thirty calendar days after receipt, the Superintendent shall appoint a hearing examiner. The hearing will be held according to the requirements of section 79-269. The student shall be entitled to a hearing but the consequence imposed may continue in effect pending final determination.
10. If a request for hearing is not received within thirty calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.

In the event a hearing is requested, the hearing, hearing procedures, the student's rights and any appeals or judicial review permitted by law shall be governed by the applicable provisions of the Nebraska Student Discipline Act (NEB. REV. STAT. § 79-254 to 79-294).

6. The report is required or requested by law enforcement or the county attorney.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by an administrator or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion.
- Detentions are 30 minutes, served in the central office or the detention room designated by the building principal.

It is the parent or guardian's responsibility to arrange transportation for their child following a detention. If a parent or guardian fails to pick up their child and no communication or plan has been made with the school, the situation may be considered a matter of child abandonment and reported to the appropriate authorities.

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

2. Definitions. As used in this policy, the following terms are defined as follows:

2.1. Actual knowledge means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection

2.2. Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

2.3. **Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection above, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections and 34 C.F.R. § 106.45(b)(1)(iii).

2.4. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

2.5. **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

2.6. **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:

- 2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
- 2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it

effectively denies a person equal access to the district's education program or activity;

- 2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:

- 2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.

- 2.6.3.1.1. **Rape**—(Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

- 2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

- 2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

- 2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.2. **Sex Offenses, Non-forcible**—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.

2.6.3.2.1. **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law

2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent

2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a), which means violence committed by a person—

2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim; and

2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:

2.6.4.2.1. The length of the relationship.

2.6.4.2.2. The type of relationship.

2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.

2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a), which includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction receiving grant funding and, in the case of victim services, includes the use or attempted use of physical abuse or sexual abuse, or a pattern of any other coercive behavior committed, enabled, or solicited to gain or maintain power and control over a victim, including verbal, psychological, economic, or technological abuse that may or may not constitute criminal behavior, by a person who—

2.6.5.1. is a current or former spouse or intimate partner of the victim, or person similarly situated to a spouse of the victim;

2.6.5.2.is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;

2.6.5.3.shares a child in common with the victim; or

2.6.5.4.commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.

2.6.6. **Stalking**, as defined in 34 U.S.C. § 12291(a), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

2.6.6.1. fear for his or her safety or the safety of others; or

2.6.6.2. suffer substantial emotional distress.

2.7. **Supportive measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

3. Discrimination Not Involving Sexual Harassment.

3.1. **General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular,

research, occupational training, or other education program or activity operated by the district.

3.2. Specific Prohibitions. Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

- 3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;
- 3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;
- 3.2.3. Deny any person any such aid, benefit, or service;
- 3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- 3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;
- 3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
- 3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

3.3. Complaint Procedure. All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection above—shall be addressed pursuant to the district’s general complaint procedure, Board Policy 2006.

4. Response to Sexual Harassment

4.1. Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District’s Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation.

Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

4.2. General Response to Sexual Harassment. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy “education program or activity” includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district’s response will treat complainants and respondents equitably by offering supportive measures as defined in subsection above to a complainant, and by following the grievance process described in section below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

4.3. Emergency Removal. Nothing in this policy precludes the district from removing a respondent from the district’s education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district so removes a respondent on an emergency basis, then the district will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

4.4. Administrative Leave. Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that

complies with section below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

4.5. General Response Not Conditioned on Formal Complaint. With or without a formal complaint, the district will comply with the obligations and procedures described in this section.

5. Grievance Process for Formal Complaints of Sexual Harassment.

5.1. General Requirements.

- 5.1.1. Equitable Treatment.** The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies will be designed to restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.
- 5.1.2. Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.
- 5.1.3. Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
- 5.1.4. Training.** The district will ensure that all individuals or entities described in this Training receive training as provided below. Any materials used to train these

individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

5.1.4.1. **All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.

5.1.4.2. **Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:

5.1.4.2.1. The definition of sexual harassment in subsection;

5.1.4.2.2. The scope of the district's education program or activity;

5.1.4.2.3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and

5.1.4.2.4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

5.1.4.3. **Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection.

5.1.4.4. **Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection.

- 5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- 5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
- 5.1.7. **Range of Possible Sanctions and Remedies.** Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.
- 5.1.8. **Range of Supportive Measures.** The range of supportive measures available to complainants and respondents include those listed in subsection.
- 5.1.9. **Respect for Privileged Information.** The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

5.2. **Notice of Allegations.**

- 5.2.1. **Initial Notice.** Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:

- 5.2.1.1. A copy of this policy.

5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection. and may inspect and review evidence under subsection. The written notice will inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.

5.3. **Dismissal of Formal Complaint.**

5.3.1. The district will investigate the allegations in a formal complaint.

5.3.2. **Mandatory Dismissals.** The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint:

5.3.2.1. Would not constitute sexual harassment as defined in subsection even if proved;

5.3.2.2. Did not occur in the district's education program or activity; or

5.3.2.3. Did not occur against a person in the United States.

5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:

5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;

5.3.3.2. The respondent is no longer enrolled in or employed by the district; or

5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

5.3.4. Upon a dismissal required or permitted pursuant to subsections above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

5.4. **Consolidation of Formal Complaints.** The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

5.5. **Investigation of Formal Complaint.** When investigating a formal complaint and throughout the grievance process, the district will:

- 5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint;
- 5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a grievance process under this section (if a party is not an "eligible student," as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a "parent," as defined in 34 CFR 99.3);
- 5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- 5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;

- 5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and
- 5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

5.6. **Determination Regarding Responsibility**

- 5.6.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).
- 5.6.2. **Exchange of Written Questions.** After the district has sent the investigative report to the parties pursuant to subsection, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern

specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

5.6.3. **Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:

5.6.3.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection;

5.6.3.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

5.6.3.3. Findings of fact supporting the determination;

5.6.3.4. Conclusions regarding the application of the district's code of conduct to the facts;

5.6.3.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and

5.6.3.6. The district's procedures and permissible bases for the complainant and respondent to appeal.

5.6.4. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an

appeal is not filed, the date on which an appeal would no longer be considered timely.

5.6.5. The Title IX Coordinator is responsible for effective implementation of any remedies.

5.7. **Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

5.7.1. **Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within ten (10) calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.

5.7.2. **Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:

5.7.2.1. Procedural irregularity that affected the outcome of the matter;

5.7.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

5.7.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

5.7.3. As to all appeals, the district will:

- 5.7.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
- 5.7.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
- 5.7.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections
- 5.7.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- 5.7.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and
- 5.7.3.6. Provide the written decision simultaneously to both parties.

5.8. **Informal Resolution.** The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

- 5.8.1. Provides to the parties a written notice disclosing:
 - 5.8.1.1. The allegations;
 - 5.8.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;

- 5.8.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- 5.8.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- 5.8.2. Obtains the parties' voluntary, written consent to the informal resolution process; and
- 5.8.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

5.9. Recordkeeping.

- 5.9.1. The district will maintain for a period of seven years records of:
 - 5.9.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;
 - 5.9.1.2. Any appeal and the result therefrom;
 - 5.9.1.3. Any informal resolution and the result therefrom; and
 - 5.9.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.
- 5.9.2. For each response required under section, the district will create, and maintain for a period of seven years, records

of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

6. **Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

7. **Access to Classes and Schools.**

7.1. **General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

7.1.1. **Contact sports in physical education classes.** This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

7.1.2. **Ability grouping in physical education classes.** This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

7.2. **Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.
